

Acceptable Use Policy

The Avon Grove School District is providing its students with access to digital technologies for academic purposes. This access is limited to educational purposes and is intended to enhance the academic related capabilities of AGSD students.

Each student and the student's parent/guardian shall receive a copy of AGSD Policy 241, Acceptable Use Policy for Digital Technology (attached hereto). A signed statement indicating that the student and the parent/guardian have received and read Policy 241 must be received by the end of the first two full weeks of school in order for the student to retain access to AGSD digital technologies.

Please fill out and return the attached form to the class homeroom or school office.
