AVON GROVE SCHOOL DISTRICT

417.1. INVESTIGATION OF SUSPECTED EMPLOYEE WRONGDOING	
1. Purpose	It is occasionally necessary to investigate suspected employee wrongdoing relating to the employee's professional capacity. A practical option is to retain the services of a third party investigator.
2. Authority	Due to the nature of the investigation, confidentiality is necessary. Therefore, the Board authorizes the district solicitor to retain the services of a third party investigator to investigate employee wrongdoing upon recommendation by both the Superintendent and Board President.
