

Windows XP - How to Log On

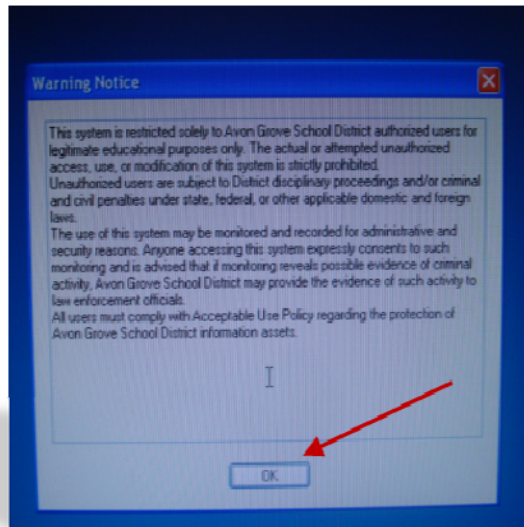

1. Start computer

2. Select - **Ctrl+Alt+Delete** at the same time

3. A Warning Notice box will pop up – read and if you agree click on **OK**

4. Enter your User Name:
 - For most it is your first initial of your first name followed by your full last name
 - District office staff is just last name
 - Some common names will also have numbers
5. Enter your password
 - If this is the first time you log on to the AGSD network you will be redirected to change the default password you were given
6. Log on to: AGSD
