

I am the principal at Fred S. Engle Middle School. I enjoy working with the outstanding staff and students at Engle. I hope to help the teachers and students of Engle Middle School continue to grow, build on the tradition of excellence that has been established, and reach even greater goals together.

Prior to being principal at Engle, I was an assistant principal at Avon Grove High School from 2005-2008. During this time, I had the opportunity to work with the people in the Avon Grove School District in a variety of different ways and have learned that I wouldn't want to be anywhere else. Prior to Avon Grove, I worked in the Rose Tree Media School District for eight years, first as a business teacher, and then as the District Athletic Director. During the 2004-2005 school year, I was also an assistant principal at Penncrest High School.

I received my undergraduate degrees from Ohio University, first in Business Administration and then in Secondary Education. I completed my master's work at West Chester University and then earned my educational leadership certificate through Cabrini College. I completed my doctorate at the University of Delaware.

Please feel free to contact me with any questions or concerns, and I look forward to seeing you at the many events hosted at Fred S. Engle Middle School.

Sincerely,

Michael Snopkowski  
Principal
