

October-November, 2009

Dear Parents,

Welcome to the principal's page of our website. I hope you are able to find the information you are searching for as you examine our curricular programs and links to events here at Engle. Please share your thoughts with me as we try to make our website both user-friendly and rich in information.

Since we have made changes to our website and the content available, the feedback we have received has helped us focus our information toward what you need most. We have found this to be information about upcoming news and events for our entire school, information about the curriculum and programs from each team, and co-curricular sports and clubs. We also have links for parents related to our PTO and our district news and events. To access each of these locations for the most up-to-date information, please follow the links on our main webpage.

Our first series of conferences occur near the end of November on the 20th and 23rd. As a staff we believe that this is a very important opportunity for us to meet with the parents of our students, particularly those that are struggling or encountering difficulties here at Engle. Since there are a limited number of conference times available, we do our best to accommodate all requests, but this is not always possible. If we have more requests than times available, some parents may be asked to schedule a phone conference or meet at another time.

As always, we appreciate your time and investment in your child's education. We feel that when we all work together, we have the opportunity to unlock the potential of each child. Thank you for being part of our team at Fred S. Engle Middle School, where we are all committed to excellence!

Regards,

Michael Snopkowski, Ed.D.
