Appendix C: ARP Homeless II Application

For the grant narrative, answer the following questions using 10 pt. Arial font and single line spacing. Narrative answers should be limited to no more than five sentences per question.

1. The number of identified children and youth experiencing homelessness in the applicant region, preschool through high school:
 - a. 2018-19 school year: 129
 - b. 2019-20 school year: 160
 - c. 2020-21 school year (*available to date*): 115

2. If the number of identified children and youth experiencing homelessness in the region has changed by more than 10% since the 2018-19 school year, explain the difference.

Geographically, the area within the Avon Grove School District's borders and in neighboring districts includes a number of commercial farms which attract a relatively high population of migrant workers. Students from these backgrounds frequently experience homelessness, and due to the mobility of these families, the District's homeless student count can fluctuate by tens of students each year as families move in and out of the District. Additionally, families experienced job loss due to the pandemic leading to loss of reliable housing in 2019-20.

3. What is the average attendance for identified children and youth experiencing homelessness in the LEA(s) for the 2019-20 or 2020-21 school year? How does this compare to the average attendance for all students in the same year?

Students experiencing homelessness have historically exhibited a much higher rate of absenteeism than their peers. In 2019-20, the District's population of homeless students were collectively absent for 356 days, accounting for 4.38% of their total enrolled days that school year. Non-homeless students experienced an absence ratio of 1.19%. Absenteeism for all groups increased the following year in 2020-21 due to the period of time the District spent instructing students virtually, however, the rate of absenteeism for homeless students during 2020-21 was again significantly higher than the rate for non-homeless students. On average, a non-homeless student was absent 2.12% of the 2020-21 academic year, while homeless students were absent for 9.24% of the year. Collectively, homeless students were absent for 1,564 days in 2020-21, more than four times higher than the number of absence days in 2019-20.

4. What are the primary current educational and related needs of children and youth experiencing homelessness in the LEA as they related to eligible uses of funds (check all that apply)?

- Outreach and identification
- Enrollment
- Attendance
- Transportation
- Academic support
- Extra-curricular participation
- Trauma-informed care
- Social emotional learning
- Mental health support

- Supplies (school, health, hygiene, clothing, etc.)
- Cell phones, laptops, internet, or other technological devices
- Access to early childhood programs
- Short-term, temporary housing
- Other (please describe)

5. Funds will be used to facilitate (check all that apply):

- Identification of children and youth experiencing homelessness
- Enrollment of children and youth experiencing homelessness
- Retention of children and youth experiencing homelessness
- Educational success of children and youth experiencing homelessness

6. How will the LEA use subgrant funds to identify and outreach to children and youth experiencing homelessness?

The most critical needs for the District's population of homeless, displaced, and unaccompanied students are increased access to technology and the internet outside of the school day, and academic assistance. To support students with these needs, the District will utilize its ARP HCY funds in the following ways:

- Technology – the District will purchase 60 Chromebooks and mobile hotspots for homeless or displaced students that do not have adequate access to the internet outside of the school environment.

7. How will the LEA use subgrant funds to connect students experiencing homelessness and their families to summer learning and enrichment programs for summer of 2021 and to engage students and their families in preparation for fall of 2021?

Based on the timeline of the grant application, the District will not use the ARP HCY grant funds to support summer learning and enrichment in the summer of 2021. The District will utilize funds to provide services during the normal academic year.

8. Does the LEA plan to award contracts to community-based organizations to identify historically underserved populations such as rural children and youth, students of color, children and youth with disabilities, English learners, LGBTQ+ youth, and pregnant or parenting youth, and connect them to educationally related support and wraparound services? If so, describe those plans.

N/A – the District will not award contracts to community-based organizations. All services provided under this grant will be performed in-District.

9. What other expenses does the LEA plan to pay with this subgrant to facilitate the identification, enrollment, retention, and educational success of children and youth experiencing homelessness?

All services to be provided under this grant are described in question #6 above.

10. List 2-3 state or local agencies with which you are coordinating to meet identified needs.

The District routinely works with local non-profit organizations surrounding the District to provide students with access to additional resources. These organizations include The Garage and Community Youth Center in West Grove, PA, and LCH Health and Community Services (formerly La Comunidad Hispana) in West Grove, PA.

11. What other federal funds is your LEA using to support the identification, enrollment, retention, and educational success of children and youth experiencing homelessness specifically?

- Coronavirus Aid, Relief, and Economic Security (CARES) Act funds (signed into law March 2020)
- Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act (December 2020)
- American Rescue Plan (ARP) Act funds (March 2021)
- Title I, Part A funds reserved for children and youth experiencing homelessness
- Other funds and services available to children, youth, and families experiencing homelessness

12. How will the LEA promote meaningful involvement of parents, guardians, or caregivers in the activities and services proposed?

Avon Grove School District uses a variety of means to communicate with parents as well as gather feedback regarding programs available to students. The targeted nature of this program will require the usage of direct communication with affected families by district personnel as well as the usage of ongoing systems (email, automated messaging and website updates) to keep caregivers aware of the program and opportunities for students. Embedded within this process will be intermediate check-ins through school personnel to understand the effects of the program on individual students, with this feedback and information shared through scheduled as well as informal conferences with parents and students.

13. Identify how the LEA will evaluate the impact of the subgrant funds. Check all that apply.

- Data showing increases in the number of identified McKinney-Vento students
- Data showing increases in the attendance rates of identified McKinney-Vento students
- Data showing increases in academic achievement of identified McKinney-Vento students
- Data showing increases in the graduation rates of identified McKinney-Vento students
- Data showing decreases in school discipline rates of identified McKinney-Vento students
- Data showing increases in the number of identified McKinney-Vento children under age six enrolled in early childhood education
- Data showing increased parent/guardian/caregiver involvement
- Data showing increases in the number of identified McKinney-Vento students transitioning to post-secondary education
- Other (please describe): _____

14. Does the LEA plan to provide services specifically for preschool-aged children experiencing homelessness and their families? Explain.

The District does not plan to provide services to preschool-aged children under this grant.

15. Does the LEA plan to provide services specifically for unaccompanied youth? Explain.

The District does not plan to provide services that are exclusive to unaccompanied youth; any student who has been identified as being homeless, displaced, or unaccompanied may participate in the services provided under this grant.

16. Check the boxes indicating the policies and/or practices in place in the LEA.

- The LEA will ensure that services provided with this subgrant will not isolate or stigmatize children and youth experiencing homelessness.
- The LEA will ensure that this subgrant will be used to help children and youth attend, participate fully, and succeed in academic and extracurricular opportunities offered to all students.
- The LEA will ensure that services provided with this subgrant will supplement, expand, improve upon, or provide access to services provided as part of a school's academic or extra-curricular program, but not replace such services.
- The LEA will ensure that children and youth experiencing homelessness are integrated into the regular education program

17. Indicate that the LEA makes the following assurances:
