

Dear Family:

In Unit 12, Foundations® introduces students to words that have more than one syllable. I need you to encourage your child to **scoop** each syllable when the word is read. For example, scoop the word **napkin** into two syllables like this:

**n a p k i n**

This is key in teaching a child to break down a word into its parts.

I will be working on **multisyllabic words** for the next three weeks.

Some words will be compound words or words that are made up of two parts. Each part can be a word by itself, for example, in the word “**sunfish**” - **sun** is a word and **fish** is a word.

Then, I shall work with words that have two consonants between the two vowels such as in the word “**magnet**” and words with closed and vowel-consonant-e syllables combined, like “**reptile.**”

The spelling procedure used to teach multisyllabic words is very important. (See the next page for these instructions.) Yes, there are several steps, however each is important to help develop the skill of breaking a word down into its parts.

Once again **thank you** for all of your help.

Sincerely,
