

Dear Family:

These past few weeks have been busy in Level 2 of Foundations[®]! We are now about to review the second syllable type. It is often referred to as the **v-e syllable**, which stands for **vowel-consonant-e** (any vowel or consonant). It is important for your child to recognize the pattern of this syllable, therefore I spend time going from a closed syllable such as **cap** to a v-e syllable such as **cape**. It is the vowel **e** at the end of the word that is silent but makes the first vowel say its name. We mark these words:

c ā p e
v-e

Your child will combine closed and v-e syllable words such as **reptile**.

I will also teach your child that when the consonant **s** is between two vowels as in the word **rose**, that **s** may have the /z/ sound. Another example is the word **wise**. However, in the word **base** the **s** has its regular sound of /s/. When you dictate a word that has an **s** between two vowels and your child is not sure if the letter should be an **s** or **z**, a dictionary may be used to check it.

Lastly, I will teach that words in English do not end with the letter **v**. Therefore, some words have an **e** at the end but the vowel is still short (**have, give**). The **e** is there for the **v**. The suffix **-ive** will be added to the suffixes that we add to words.

I have enclosed a page with the double vowel teams. Review these with your child and keep them handy for reference when your child is reading. Please let me know if you have any questions or concerns about your child's progress.

Sincerely,
