

WEBSITE REGISTRATION CHECKLIST

Take your first step to becoming an NCAA student-athlete at eligibilitycenter.org. Choose from our two account types to get started:

- 1. Certification Account: You need to be certified by the NCAA Eligibility Center to compete at an NCAA Division I or II school. You also need to be registered with a Certification Account before you can make official visits or sign a National Letter of Intent in Division I or II.
- 2. Profile Page: If you plan to compete at a Division III school or are currently unsure in which division you want to compete, create a Profile Page. If at any time you wish to pursue a Division I or II path, you will be able to transition to a Certification Account.

For Certification Accounts, please allow between 30 to 45 minutes to register completely. If you need to exit and come back at a later time, you can save and exit once your account or profile is created.

Reference the Help section located in the top task bar at any time to answer your questions as you work through registration.

Below is a list of items we recommend you have before beginning your registration with the NCAA Eligibility Center:

Valid Student Email

You need a valid email address that you check regularly to register. This is important for updating prospective student-athletes about their account. For more information about accepted emails, please reference our **FAQ**.

Basic Student Personal Information

This includes information such as your name, gender, date of birth, primary and secondary contact information, and address.

Basic Student Education History

Please include details about all high schools or secondary schools you have attended in the United States or internationally, and additional programs you have attended.

<u>Check</u> if your school has a list of NCAA-approved courses.

Student Sports Participation History

For Certification Accounts, this includes details for any expenses or awards you received, any teams you have practiced or played with or certain events in which you participated, including your high school team. It also includes information about any individuals who have advised you or **marketed** your skills in a particular sport. This information helps the Eligibility Center certify your amateur status when it is requested by an NCAA school.

Payment

For Certification Accounts, nonrefundable registration fee for U.S., U.S. Territories* and Canadian students: \$90

*U.S. Territories include American Samoa, Guam, Northern Mariana Islands, Puerto Rico and U.S. Virgin Islands.

Nonrefundable registration fee for international students: \$150

The NCAA Eligibility Center accepts Visa, MasterCard, Discover and American Express, For payment questions, look here. Some individuals may qualify to apply for a fee waiver.

GRADE-POINT AVERAGE

The NCAA Eligibility Center calculates your grade-point average based only on the grades you earn in NCAA-approved core courses.

- DI requires a minimum 2.3 GPA.
- Dll requires a minimum 2.2 GPA.

SLIDING SCALE

Divisions I and II use sliding scales to match test scores and GPAs to determine eligibility. The sliding scale balances your test score with your GPA. If you have a low test score, you need a higher GPA to be eligible. Find more information about test scores at ncaa.org/test-scores.

TEST SCORES

You may take the SAT or ACT an unlimited number of times before you enroll full time in college. Every time you register for the SAT or ACT, use the NCAA Eligibility Center code 9999 to send your scores directly to us from the testing agency. We accept official scores only from the ACT or SAT, and won't use scores shown on your high school transcript. If you take either test more than once, the best subscore from different tests are used to give you the best possible score.
